THIRD PARTY GRADED COINS & CURRENCY

The coin market is speculative and unregulated. Many areas of numismatics lend themselves to third party grading and authentication. Such certification does not eliminate all risks associated with the grading of coins and currency. Grading is a subjective matter and opinions as to the grade of a certified or uncertified item can differ. Items graded by the various services carry the guarantees, if any, of that particular service. Securing performance on any such guarantee is strictly between the purchaser and the particular grading service. Coast to Coast may or may not agree with the grade assigned by the particular grading service. Buyer should be aware that grading standards of coins have changed from time to time in the past and may do so again in the future.

= SEATED LIBERTY DOLLARS =

We are pleased to offer a nice selection of these popular coins. The series officially started in 1840 but we've also included a couple rare Gobrecht patterns from 1836.

1836. PCGS. PR-55. J-60. Gobrecht Dollar. Restrike. Plain edge, struck in silver. No stars obverse. Stars reverse. Die Alignment IV. Sharply struck with just the barest touch of 'rub' and beautiful olive-gray surfaces. #244475 **\$23500.00**

1836. PCGS. PR-63. Gobrecht Dollar. Judd-60. Original, Medal Alignment. A very appealing example of this classic rarity. The Proof-63 grade seems conservative and the eye appeal far exceeds the expectations for that grade! #242513 **\$45000.00**

of blue and gold. A scarce date with just 15,000 minted. #212650 **\$4500.00**

1853. NGC. PR-61. A beautiful example that illuminates with subtle blended gold and gunmetal blue shades resting upon delightful silver-gray surfaces. Marks are minimal and well within the allowance for the grade. With 1 exception, all known proofs of this date are believed to be restrikes with a total of 12 pieces struck. A great rarity and a true prize for any collection! . . #237575 **\$27500.00**

1853. PCGS. MS-64. Sharply struck with vibrant mint luster that displays a faint champagne hue. Just 46,110 minted and only 4 have graded numerically finer at PCGS. #243614 **\$11995.00**

1865. PCGS. AU-53. Sharp detail with lustrous light silver-white surfaces. From the final year of the Civil War with a mintage of just 46,500. Most were exported to Central and South America making this a hard date to find in any grade. . . . #243152 **\$3950.00**

1867. PCGS. PR-64+. Sharply struck and very flashy with an attractive iridescent patina of dappled baby blue, green, gold, fuchsia & dove-gray toning. #240862 **\$11250.00**

1872-CC. PCGS. XF-45. Well detailed with pleasing gunmetal gray surfaces. A mere 3,150 minted with an estimated 150-250 survivors. A rare coin in any grade! . . . #229960 **\$10950.00**

1872-S. PCGS. G-4. Just 9,000 minted. Nice detail for the grade. A scarce date. . . . #234058 **\$750.00**

1872-S. PCGS. VG-8. Attractive for the grade. . . . #244507 **\$975.00**

1873. PCGS. MS-64. From the last year of the series with a mintage of 293,000. Many of these coins were melted as the silver content was worth more than their face value. This is a beautiful frosty white example that is well struck and displays no significant abrasions. High-end for the grade with excellent eye appeal! . . . #243939 **\$11950.00**

1873-CC. PCGS. MS-61. Only 2,300 minted with most melted and an estimated 750 to 1,000 pieces actually released into circulation. This is the second rarest With Motto Seated Liberty Dollar after the 1870-S. The present coin is extremely well struck with attractive lightly toned surfaces that exhibit orange and gold hues surrounded by a touch of turquoise at the perimeter. The few minor marks that define the grade are insignificant and don't distract from this coin's excellent eye appeal. The PCGS population report shows just 4 mint state coins: one MS-60, one MS-64, one MS-65, and this MS-61 which is fresh to the market. A truly classic rarity for an advanced Seated Liberty Dollar collection! . . . #238552 **\$129000.00**

Portrait of Edward Everett, Secretary of State under President Fillmore. Just plain rare, this is the last black back 'Fifty' with the word "Silver" in large capital letters before the green reverse found on 1891 series notes. It is also the last note issued before the front was modified and the only small red seal variety in the 1880 series. In total, Track & Price lists only 31 notes in all grades & many show listings with comments regarding problems. This example is problem free. Even boardwalk borders surround inks that are still vibrant. The paper still exhibits plenty of brightness, folds are light and wear is gentle for the grade. A super note that is seldom seen.

First NB of Danville. F-507. Brown Back. Well centered with strong color, solid paper, and sharp signatures. Brown Back 'fifties' are tough and this one is no exception. Only 1 other \$50 is known but it hasn't been seen publicly since 1994. Eye appealing and solid for the grade.

Wide even borders with sharp corners surround strong inks. A lovely large brown seal & blue serial #'s provide additional compliment. The paper retains plenty of brightness with light folding blending in quite well. While there are five Friedberg numbers for the type with a small red seal variety seen most often, this is the only number with a popular large brown seal and can easily be considered rare. Only 33 pieces known in all grades.

Merchants National Bank of Brownsville. F-613. Red Seal. The only \$10 red seal known on this Cameron County bank. The only other red seal known is a lone 'Twenty'. This note has retained strong color for the grade and remains problem-free with solid paper and even wear. While the Cashier's signature is barely visible, the President's signature is sharp. Very desirable.

Wakefield National Bank. F-587. Red Seal. A very attractive note for the grade with ink that is still vivid and original paper that retains plenty of brightness. Embossing stands out and margins are ample. A rare second title issue from a bank that changed names when it moved from South Reading to Wakefield. Only 7 large are known under the second title and just 9 are known under the first title. A very desirable issue.
